

Clinical Integration Under Health Care Reform: Antitrust Issues and Solutions

Location

Webinar

Date & Time

Start Date: 06/10/2015

Start Time: 12pm

End Time: 1pm

Ryan Blaney and Jonathan Grossman, members of Cozen O'Connor, along with Melissa Cohen, Centers for Medicare & Medicaid Innovation (CMMI), Center for Medicare & Medicaid Services (CMS), Department of Health & Human Services, will discuss the new "pay-4-value" reimbursement and care coordination in this webinar sponsored by the American Law Institute.

The panelists will cover the goals of the new payment and service delivery models driving the move toward clinical integration as well as the progress to date in achieving these goals. The program explains what clinical integration is, how providers can achieve it, government enforcement trends and the joint contracting activities that clinically-integrated provider clients may legally pursue under antitrust laws.
