 [Download Calendar Appointment](#)

David Walton, co-chair of the Privacy, Data & Cybersecurity Industry Team, presents at the Sedona Conference Working Group on Data Security and Privacy Liability (WG11) 2017 Annual Meeting. Brainstorming groups and drafting teams will be seeking feedback from WG11 members on a number of brainstorming outlines and draft commentaries. David will be presenting on a panel titled "Communicating with Executives." Other topics include:

- Privilege in the data security litigation context
- Law firm data security
- Data security and privacy issues in civil litigation
- Privacy by design
- Cyber threat information sharing, and more
