Defendants routinely demand confidentiality provisions in releases as a condition of settlement. Equally commonplace are demands for protective orders restricting the use of information disclosed by the defendant during discovery. Because such confidentiality demands are usually not perceived as obstacles to resolving subrogation claim, significant ethical issues that can arise from agreeing to such provisions may be overlooked.

What You Will Learn:

This webinar presentation will cover and address:

- Potential ethical issues associated with confidentiality provisions,
- Why resistance to confidentiality provisions and protective orders is often necessary,
- Why resistance to such provisions often serves the best interests of the client and the industry.
