David Smith of the [Transportation & Trade](#) Practice Group will be presenting at the [Intermodal Asia 2016 Conference](#). This two-day conference with over 40 sessions, will discuss the container transport issues being faced today. The 60+ conference speakers consist of the intermodal transport and logistics industry's biggest names sharing their knowledge.

The conference content has been divided into three clear groups, each with a distinct focus and direction:

- Strategy Theatre - featuring the wider strategy and perspective
- Innovation Theatre - featuring the latest innovations in intermodal transport
- Technology Theatre - featuring the newest technology available to enhance your intermodal solutions.
